- Sick Grandmother: My grandmother is sick and needs a shipment of medicine. Our normal courier has gone missing, so we desperately need it delivered. Expedited fee available with a bonus upon delivery (Grandma makes a mean elven bread.)
- Goblin encampment: A goblin encampment has appeared in the Southern part of town across the ravine. They've been there for days and don't seem to be aggressive, but we can't be so sure. Find out what they're doing — if they're a threat, please dispatch with them.
- Wandering Skeleton: Wandering Skeleton seen on the outskirts of town. It appears armed with a sword, shield and horned helmet. Dispatch this skeleton and we'll offer you 25% off anything in town. Contact at the Gilded Blanket.
- Tower Demolition Sought: The four story bell tower has been deemed by the city council as a stain on the communities reputation, as it was built with "ill-gotten" funds by the recently disgraced and now former mayor, Cornul Glassen. The council is offering 500 gold to anyone who can reduce the bell tower, which was dedicated in his honor, to rubble without loss of life or other property in the town square. Plans must be approved by council before work can begin.
